Experience beautiful moments with water

The new meaning of home

Over the past years, many of us have come to realise the importance of home providing a place of relaxation and retreat. As a company, we know we are providing something truly fundamental to our customers: a home filled with beauty and quality, a place of escape from the outside world. Whatever happens, we are – and always will – be by your side.

Innovations to make you feel good

To achieve a sense of real relaxation, each bathroom should have a balanced and consistent design, with all elements working harmoniously together.

This year, we're introducing a range of exciting new ceramics products matching our faucets and showers collection and that deliver on our guiding principles: innovation, design, quality and responsibility. We are able to offer solutions to your every need, by developing cutting-edge products that suit your lifestyle.

Designed with you in mind

hansgrohe is a brand for life. Whether you are looking for a moment of calm or refreshment, every product we make is designed to make your life easier. Our products are not one-off ideas but comprehensive solutions, designed to become integral to your everyday life. It's this that defines our brand: our focus on you.

Hansgrohe Group

For over 121 years, from the Black Forest in Germany, we've been shaping the landscape of bathrooms and kitchens to make life easier, better and more beautiful for you.

Being convinced that offering a complete bathroom offer is a must to your satisfaction, we enter now the world of ceramics, bringing with us the ingredients which are part of our DNA: Excellence in innovation, design, quality and service, making sure that every product is made to our very highest standards.

Our new ceramic products are specifically developed to integrate seamlessly with our hansgrohe sanitary fittings, in terms of both design and technology. This ensures that you will only have to choose your preferred style, being confident that the products will work together, both visually and functionally.

Technologies

As an innovator of sanitaryware for over 121 years, we understand the essential role that technology plays in hygiene-related products.

That's why today hansgrohe offers a range of ceramics incorporating compelling technologies, giving you the very best experience in the bathroom.

SmartClean

For the ultimate low cleaning effort, this surface coating prevents dirt particles from adhering to the product.

HygieneEffect

Ensuring a long term hygienic guarantee, this special glaze prevents bacteria from adhering to the product.

RimLess

Rimless geometry prevents adhesion of germs and simplifies cleaning.

SoftClose

Dampers integrated into the hinges of the lid enable smooth and silent closing for maximum comfort and ease of use.

WaterSaving

Our toilet tanks are equipped with a dual flush system with two levels of flushing. You can either go for the full 4.7 litres flush or the small 3 litres flush.

A long-exposure photograph of a waterfall cascading over dark, mossy rocks in a lush, green forest. The water is blurred, creating a sense of motion. In the foreground, a white pedestal sink with a chrome faucet is overlaid on the scene, positioned on the left side. The sink is a simple, modern design with a single-lever faucet. The background is a dense forest with various shades of green foliage and large, dark rocks.
